An Adventure From The Edge Of The Galaxy

Intrigue, Mysticism, Heroism and Adventure. These are the ingredients that envelope the tale of Wisemise.

The story unfolds when war plagued the Andromeda galaxy, forcing the King of Planet Wisemise to order his trusted Captain of the Royal Guard, Wimise, to escort his lovely and only daughter Princess Semise to Planet Earth for safe refuge.

Getting wind of the plans, the evil Councilor of Planet Konimon assigned his fierce and brave General Domon to capture Princess Semise.

On Earth, the two Wisemise befriended Maha, a kind-hearted boy. Hot in pursuit were two bounty hunters, Oxmon and Unikon, sent by General Domon to track their whereabouts.
